First item: Security Supervisor replacement. Travis has suggested Redfox, who has served on security for other events. Heros suggested Wolf2Tails for head of security.

The Play: outreach to the town is a good idea, says Jäger and Warnndog. Warnndog also mentioned Easter weekend, might not get a lot of attendance. Heros raised the point that off-site events on Saturday are a problem potentially with the schedule. Draklor suggested moving it to Friday night. Mobius raised the question of whether it is family-friendly. Warnndog is familiar with the play and believes it is not adult in content. General consensus seems to be that Saturday would not be a good day. Friday evening seems more useful.

Ideas for getting us extra time to clean up on Monday. Double volunteer hours on Monday are one idea. Prizes or incentives for people to volunteer.

People are interested in potentially spending an extra day and chipping in. More information on that as the time gets closer. Will check on the cost of reserving the park for an extra day. Extra day will give us time to explore things like horseback riding and other things at the park that we haven't gotten to get.

Draklor is being brought on as A/V staff. Vote of the organizing committee.

Motion to close meeting made by Heros. Seconded by Draklor. Meeting is closed 9:24 PM.
