Reading of previous minutes skipped.

Ren proposes a 1 year ban of Geddith due to incidents including making threats against Wild Nights and its attendees
1 year ban passes un-opposed

The park has increased the R/V hookups charges, and are now costing \$22 per hookup, per day; including running extension cords into tents.

Organizing Committee agrees to charge attendees at reg for the use of the hookups, without any markup. This will be available at pre-reg, and first come, first served.

Caldaq volunteers to take care of signs to denote R/V hookup charges

Discussion about moving to Group-Camp 1. It is not currently available. Also, Group-Camp 1 is where the park ranger stays at night, and is closer to other campsites, so noise could be an issue. It also may not have as many more bunks as it did 10 years ago, since many more bunks have been added to Group-Camp 2.

Discussion about using the Redbud campsite for overflow camping. It normally costs \$12 a night to use that area.

LineMonkey is now handling the conbook. She would like letters from the President and/or Board of Directors, and from the Event Director to put in the conbook. She also needs info pages about our GoH's, and any advertisements people want to put in the conbook.

We need panel submissions.

Next MESA meeting January 20th.

Meeting Closed: 9:24pm
