### **Meeting Opened: 8:08pm**

Reading of previous meeting minutes skipped.

Discussion about our covid policy. We will be keeping our current policy, with an update that negative tests must be done within 3 days, instead of the 5 we required last year.

Amazon has flagged the website e-mail system as spam, and is blocking all outgoing e-mails. The e-mail in question is our new account confirmation e-mail. This makes it impossible for anyone to create a new account, or for us to send e-mail notifications. The issue was resolved during the meeting.

Deuterium has given us a large donation towards the kitchen budget.

Skylor will be taking this year off running security, Izzy is in charge.

We will be waiving the at-the-door registration increase, this year, due to the technical difficulties we've had.

The social media security audit was completed successfully.

Predator and Prey will be returning to the schedule.

**Meeting Closed: 8:50pm**
