Scotter has no complaints, and is just ecstatic that everyone had fun
Heros feels a lot of things went really well, there were a few small hiccups, but we have some things down to an art
Ketnar doesn't really exist, thinks the con went awesome
Nash sniffed too much paint
2Tails lost a lot of product due to tarp failure
D2O doesn't want to be called staff
Holly Fox's dog loved the con, wishes the other bathroom had been rebuilt, yet
OzarkFox has been running people down on the sidewalks
Ingvar would like people not to crowd the front of the mess hall
Crazy John seconds the other bathroom, and wishes the coffee maker was fixed (it primarily needs an extension cord, and the correct filters)

MLW finds it hard to complain when you're treated like a princess all weekend,
likes that predator and prey was back
Dex had a great time
Onudi, wishes people realized it's pronounced Oh-new-dye, not Oh-nu-dee
Victor Redtail "Squak!" Wild Nights is his favorite con, but was disappointed that the missed
fursuit parade was canceled, and suggests it be on a different day
Nix first time and likes that it's a campsite, away from the city, but didn't like the weather
Dante enjoyed the drag show, but feels it should be later
Tamara brings the snacks
Donkey hates the person who had the nerve of washing their car (causing it to rain)
Twist had a lot of fun
Hawk Dad thinks the bathrooms could be better stocked
Travis was disappointed we only had 109 people, and couldn't raise more money for our charity
Ilari thinks the head chef needs more help
Thunderwolf has no complaints
Spring Dragon is sorry he was late
Proxy Bite liked being disconnected while having some access to internet
