Meeting Opened: 7:10pm

Reading of previous meeting minutes skipped

Subcommittee to discuss holding a more primitive event, some time in the fall. Potential locations discussed. Debate about what, exactly, it would be like. How primitive do we want it to be? Some people need access to electricity for medical reasons. This likely will not be for everyone, and will have lower attendance than Wild Nights.

Treasurer report: We currently have \$1500 in the bank

The webmaster needs artwork from our current Guest of Honor, Twist has their contact info

Raising the price of attendance suggested, due to inflation

If we can increase attendance, our financial issues go down

Word of mouth is currently our best advertisement, but other sources should also be pursued

Motion to authorize Twist to spend up to \$200 in materials and fees for advertising Wild Nights

Motion passes

Subcommittee to discuss Falcon Punch's concerns about Telegram notifications that come from pinning and notifying messages. We could set up a separate announcements channel. Hotel cons do this. The number of announcements we make is not very large, and having a separate channel makes one more thing people need to be aware of.

Travis is willing to help out in the kitchen, as is Onudi.

Motion to ratify Onudi as Event Director

Motion passes

Motion to remove Safaris as our charity, in favor of Snakes alive

Motion passes

Motion to write additions to code of conduct policys to be debated in future

Motion passes

Meeting closed: 9:18pm
