Previous meeting minutes summarized.

Treasurer report: We currently have \$3448. Not having the rental unit has helped a lot. It would have used up this entire amount, before the con. This also means we have plenty of money for meals. The current meal budget of \$15 per attendee may need to be adjusted upward a few dollars, but we should be able to afford it.

We need to remember to file the archery special use permit, and to purchase new arrows.

Discussion about fliers.

Vortex knows someone local who can provide firewood for an exceptional price.

Motion to allocate \$300 for commissioning general art for Wild Nights.

Seconded

D2O Can help by providing the artist(s) with some free printing.

Ammendment to increase this to up to \$400, and to reimburse D2O up to \$200

D2O Abstains due to conflict of interest

Ammendment passes

Motion passes

We need to update our paperwork with the state of Missouri.

Meeting Closed: 1:25pm
